2.1 Description of the teaching and learning methods

The students work independently on varying topics and prepare essays that meet scientific standards. 2.3 Examination and grading of the module

Examination prerequisite:

- Active participation in the seminar

The grading consists of two components:

- **Presentation [3C]**: 12-minute presentation of a perspective of one interest group of one of the discussion questions listed above plus debating the arguments with the other interest groups and the general audience; please sign-up for the interest group between Thursday, April 16 10:00 am and Tuesday, April 21 10:00 am via Stud.IP (on a first-come-first-serve basis). Please choose a specific interest group for only one of the discussion questions, you will automatically become part of the general population for the other discussion questions.
IMPORTANT: Submit a position paper (1.5 pages—excluding references—outlining the main arguments that you want to contribute to the discussion in a concise (but still well-formulated) manner) ***and your slides by Monday morning 8:00 am before your presentation to Stud.IP***; please use file name: actorID_presentation_lastname.pdf (example: A1b_presentation_fuchs.pdf)

2.4 Course materials

The readings will be announced in the introductory lectures.

3. Term paper requirements

The term paper is a short essay. The length of each essay should be 4 pages +/-10%. The cover sheet, reference list, figures, and tables (if any) are excluded from the page count. Please use the following formatting: Font size: 12 pt, line spacing: 1.5 times, alignment: justification, margin (right, left, top

and bottom margin): 2.5 cm each. Please make sure that you are consistent in your referencing and bibliography.

Use a referencing style that is in line with basic conventions in the economics literature. Always quote within a work using the same method. The Chair recommends the in-text author-year citation style (see, for example, information sheet “Citation according to the Harvard system”). All sources that you have cited in the text must appear in the reference list. Everything that you have only read but not cited in the text must NOT appear in the reference list. Term Papers need to be written in English. The work must be done independently by the student.

Every idea, statement, or fact taken from any source must be appropriately cited. Quotes need to be indicated as such. Plagiarism is sanctioned with the grade 5 (failed). The general rules of the Faculty of Business and Economics apply. A signed declaration must be attached to each scientific work: “I hereby declare that I wrote this term paper independently, without assistance from external parties, and without use of other resources than those indicated. All information taken from other publications or sources in text or in meaning are duly acknowledged in the text. I give my consent to have this thesis checked by plagiarism software.”

IMPORTANT: You are not allowed to use AI-based chatbots, such as ChatGPT, to create text for your position paper, presentation slides, and term paper.
