

The Faculty of Business and Economics at the University of Göttingen invites applications for a temporary professorship with civil servant status (grade W1 NBesO) effective on April 1, 2025:

W1 Professorship in Computational Statistics (f/m/d)

The professorship will be awarded with civil servant status for a period of three years. After a positive evaluation, the employment contract will be extended for another three years.

We are looking for team-oriented and committed applicants with the potential for outstanding publications on computational statistics. The position holder will focus on research questions related to method development. Areas of specialisation could include (approximate) Bayesian inference, causal inference, missing values, statistical learning methods and statistical foundations of machine learning, semiparametric regression, multivariate statistics or other computationally intensive areas of statistics. The post holder will participate in relevant collaborative initiatives of the faculty and the university. In particular, the involvement of the professorship in the activities of the Campus Institute Data Science (CIDAS) is desired.

The post holder is expected to be involved in teaching in the Faculty's Bachelor's and Master's degree programmes, in particular the Master's degree programme in Applied Statistics. The University of Göttingen attaches importance to research-oriented teaching.

Appointment requirements are stipulated by Article 30 of the Lower Saxony Higher Education Act in the most current version of that law. Details will be provided upon request.

Applications from abroad are explicitly welcome. The University of Göttingen strives to increase the proportion of women in areas where women are underrepresented and therefore explicitly invites qualified female scholars to apply. The University has committed itself to being a family-friendly institution and supports its employees in balancing work and family life. The University is particularly committed to the professional participation of disabled employees and therefore welcomes applications from persons with disabilities. In the case of equivalent qualifications, applications from disabled persons will be given preference. In order for the University to be able to protect the interests of the applicant, information about a disability or equal status should be included in the application.

Applications should include the usual documents (CV, list of publications, etc.). Please send your application as a single PDF file to the Dean's Office of the Faculty of Business and Economics at bewerbungen@wiwi.uni-goettingen.de no later than January 9, 2025.

If you have further questions, please contact the Dean of the Faculty of Business and Economics: dekanat@wiwi.uni-goettingen.de.

The submission of the application constitutes consent under the data protection law and allows us to process your application data. For more details on the legal basis and data use, please refer to the information sheet on the [General Data Protection Regulation \(GDPR\)](#).

Please note that only the German version of this job announcement is legally binding.
