

INTERNATIONAL LECTURE SERIES

„LOCAL SOLUTIONS FOR GLOBAL CHALLENGES – RESEARCH PROJECTS DEALING WITH SUSTAINABILITY AT THE UNIVERSITY OF GÖTTINGEN AND PARTNER UNIVERSITIES“ - WEDNESDAYS, 5-6:30 PM (UTC+1)*

SESSION 1 – November 2nd

PROF. DR. DAGOBERTO ARIAS AGUILAR & ING. CHARLYN MASÍS

Costa Rica Institute of Technology (TEC)

Eco-friendly rubber tree cultivation: from monoculture to sustainable diversity

SESSION 2 - November 9th

DR. ILKA ENGELL

Centre for Biodiversity and Sustainable Land Use (CBL), University of Göttingen

Development of field methods for farmers to measure climate change adaption

PROF. DR. MAURICIO LOLAS CANEO

Faculty of Agricultural Sciences, University of Talca

Sustainable approaches to control apple diseases

SESSION 3 – November 16th

DR. STEFFEN OPPEL

Royal Society for the Protection of Birds, UK

Providing evidence for seabird conservation in the South Atlantic Ocean

SESSION 4 - November 23rd

M.SC. CAROLINA OCAMPO-ARIZA

Agroecology Group, Department of Crop Sciences, University of Göttingen

Chocolate needs biodiversity: Animal-derived ecosystem services and disservices in cacao agroforests of Peru

PROF. DR. GILDA CARRASCO SILVA

Faculty of Agricultural Sciences, University of Talca

Vertical Farming: A new modality to grow plants?

SESSION 5 - November 30th

DR. CLAUDIA HEINDORF

Department for Agricultural Economics and Rural Development, University of Göttingen

Cultural ecosystem services of a transforming peat landscape

SESSION 6 - December 7th

M.SC. ANDRÉ JUNGGEBAUER

J.F. Blumenbach Institute of Zoology and Anthropology, University of Göttingen

Discovering basal resources and energy channels of soil biota in German beech and spruce forests

M.SC. ZHENG ZHOU

J.F. Blumenbach Institute of Zoology and Anthropology, University of Göttingen

Changes of belowground food web under tropical land use

SESSION 7 - December 14th

PROF. DR. FELIPE LAURIE GLEISNER

Faculty of Agricultural Sciences, University of Talca

Wine production in Chile under current ecological challenges

SESSION 8 - January 11th

DR. ASHEHAD ALI

Bioclimatology, Faculty of Forest Sciences and Forest Ecology, University of Göttingen

Impacts of land use changes on the environment and biodiversity: experimental findings from Indonesia

SESSION 9 - January 18th

PROF. DR. NIKO BALKENHOL

Wildlife Sciences, Faculty of Forest Sciences and Forest Ecology, University of Göttingen

Analyzing landscape connectivity for wildlife conservation and management

SESSION 10 - January 25th

M.SC. LUIS DIEGO JIMÉNEZ ALVARADO

Tropical Agricultural Research and Teaching Center (CATIE), Costa Rica

Green Agribusiness – Insights & Perspectives from the CATIE

M.SC. EMMANUEL ARAYA VALVERDE

Costa Rica Institute of Technology (ITCR) / Centro Nacional De Innovaciones Biotecnológicas (CENIBIOT), Costa Rica

Latest research on tropical palm *Acrocomia aculeata* and its potential for oil production
