

Bettina Marth

Information day
on the Master's programmes

Developmental, Neural and Behavioral Biology (DNB)

&

**Molecular Life Sciences -
Microbiology, Biotechnology and Biochemistry (MLS)**

...collect first impressions

...meet faculty and students

...get informed

Enrolment

bedingte Zulassung / conditional admission

at least one of the listed documents is missing:

Bachelor certificate

German proficiency

English proficiency

Deadline: 15 November

Start of your studies

- Introductory meeting (**invitation via e-mail**)
 - Organisation of studies
 - Course selection
 - Mid of September/beginning of October
- Start of courses: **21 October 2024**

Programme presentations

9:15

**Molecular Life Sciences –
Microbiology, Biotechnology and Biochemistry**

Prof. Dr. Stefanie Pöggeler

9:45

Developmental, Neural and Behavioral Biology

Prof. Dr. Ernst Wimmer

Poster session

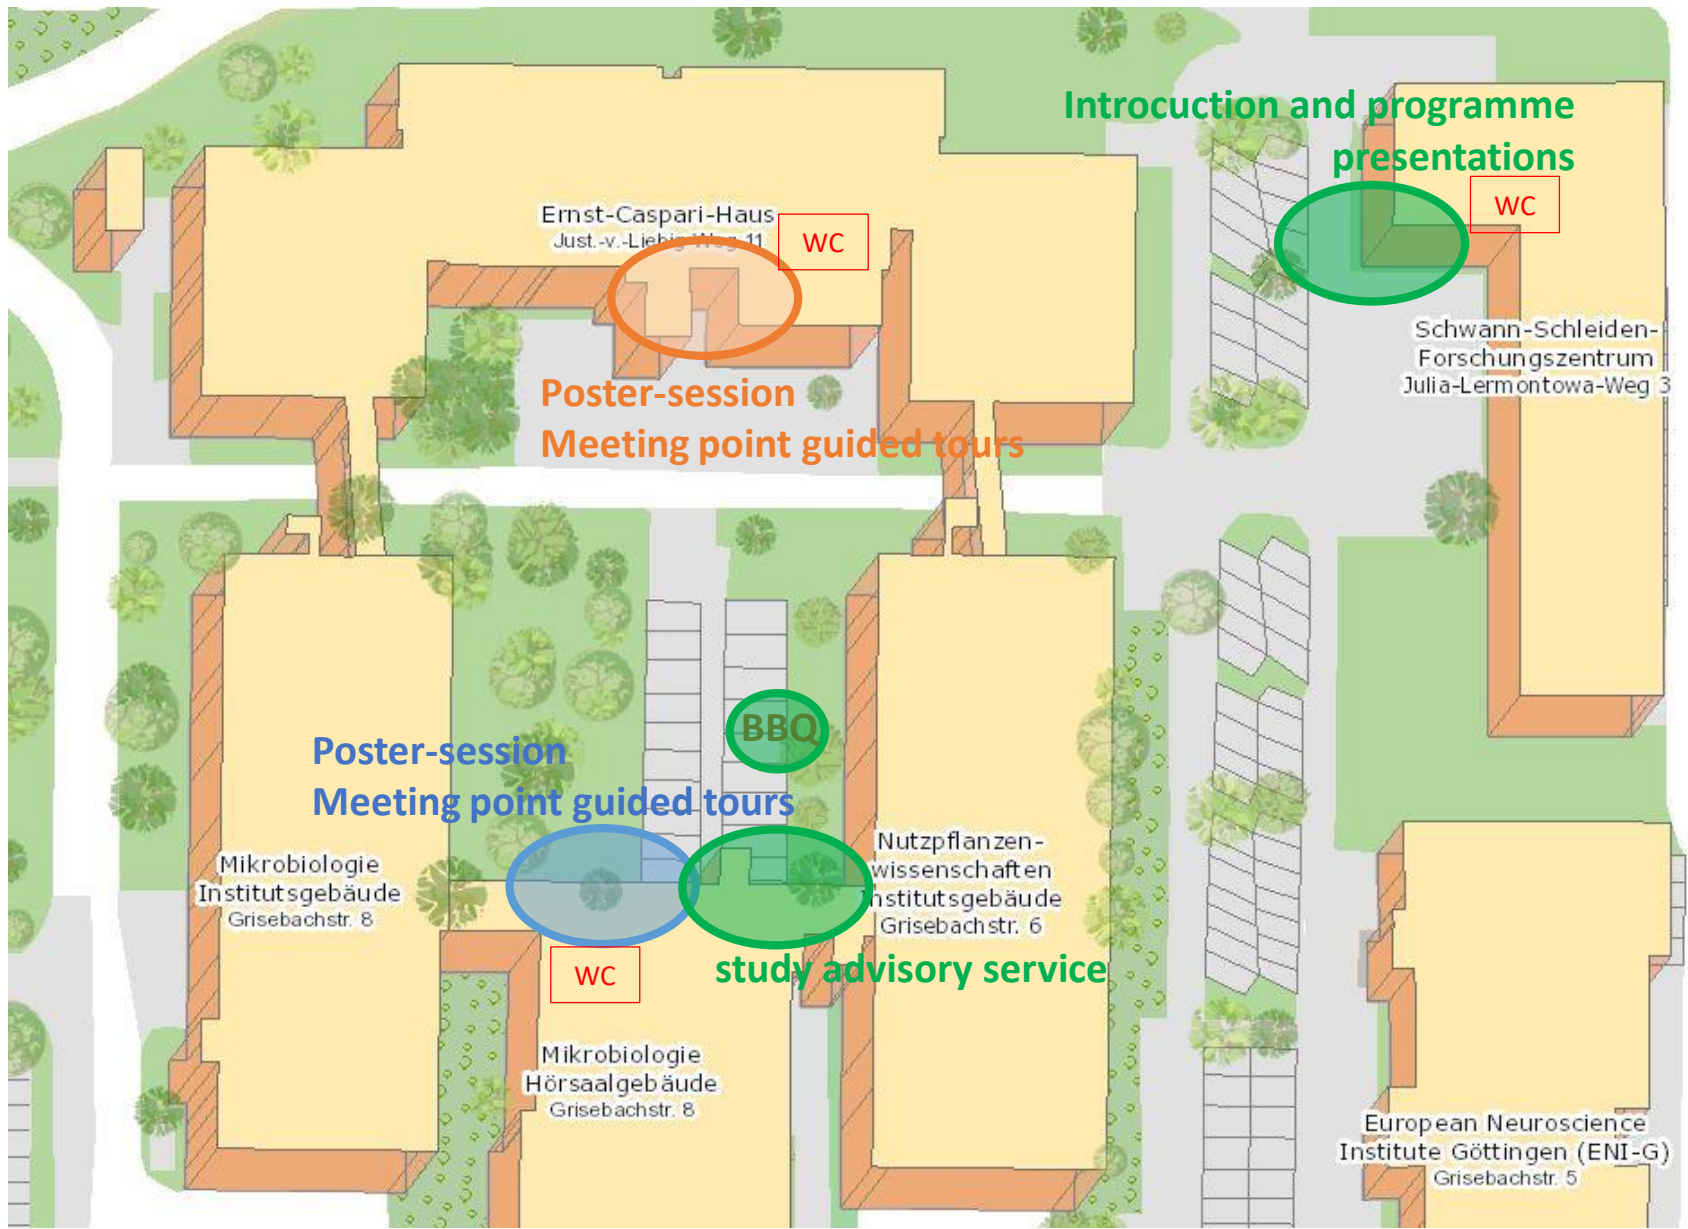

10:30 - Molecular Life Sciences-

12:00 Microbiology, Biotechnology and Biochemistry
foyer IMG

10:30 - Developmental, Neural and Behavioral Biology

12:00 *seminar room ECH*

***foyer IMG:* study advisory service
guide to interviews**

Both programmes

MSc Developmental, Neural and Behavioral Biology (DNB)

MSc Molecular Life Sciences (MLS)

Guided tours

Molecular Life Sciences: Microbiology, Biotechnology and Biochemistry

Friday, 21 June 2024

Meeting point:
Foyer Institute for Microbiology & Genetics

13:30 Department Plant Cell Biology, Schwann-Schleiden-Centre
Prof. Dr. Volker Lipka

13:30 Department General Microbiology
Dr. Michael Hoppert

14:00 Department Molecular Genetics
Prof. Dr. Heike Krebber

13:30; Biomolecular Chemistry and Biophysical Chemistry
14:00 *Dr. Tabea Oswald (Faculty of Chemistry)*

13:30; Department for Molecular Structural Biology
14:00 *Dr. Achim Dickmanns*

13:30; Department for Plant Biochemistry
14:00; *Dr. Kirstin Feußner/Dr. Ellen Hornung*
14:30

Each tour lasts about 30 minutes. Please be at the meeting point in time to participate.

Guided tours

Developmental, Neural and Behavioral Biology

Friday, 21 June 2024

Meeting point:

Foyer Ernst-Caspari-Haus

13:30;

Neurobiology

14:00

Ali Cillov

Developmental and Cell Biology

Prof. Dr. Gregor Bucher

13:30;

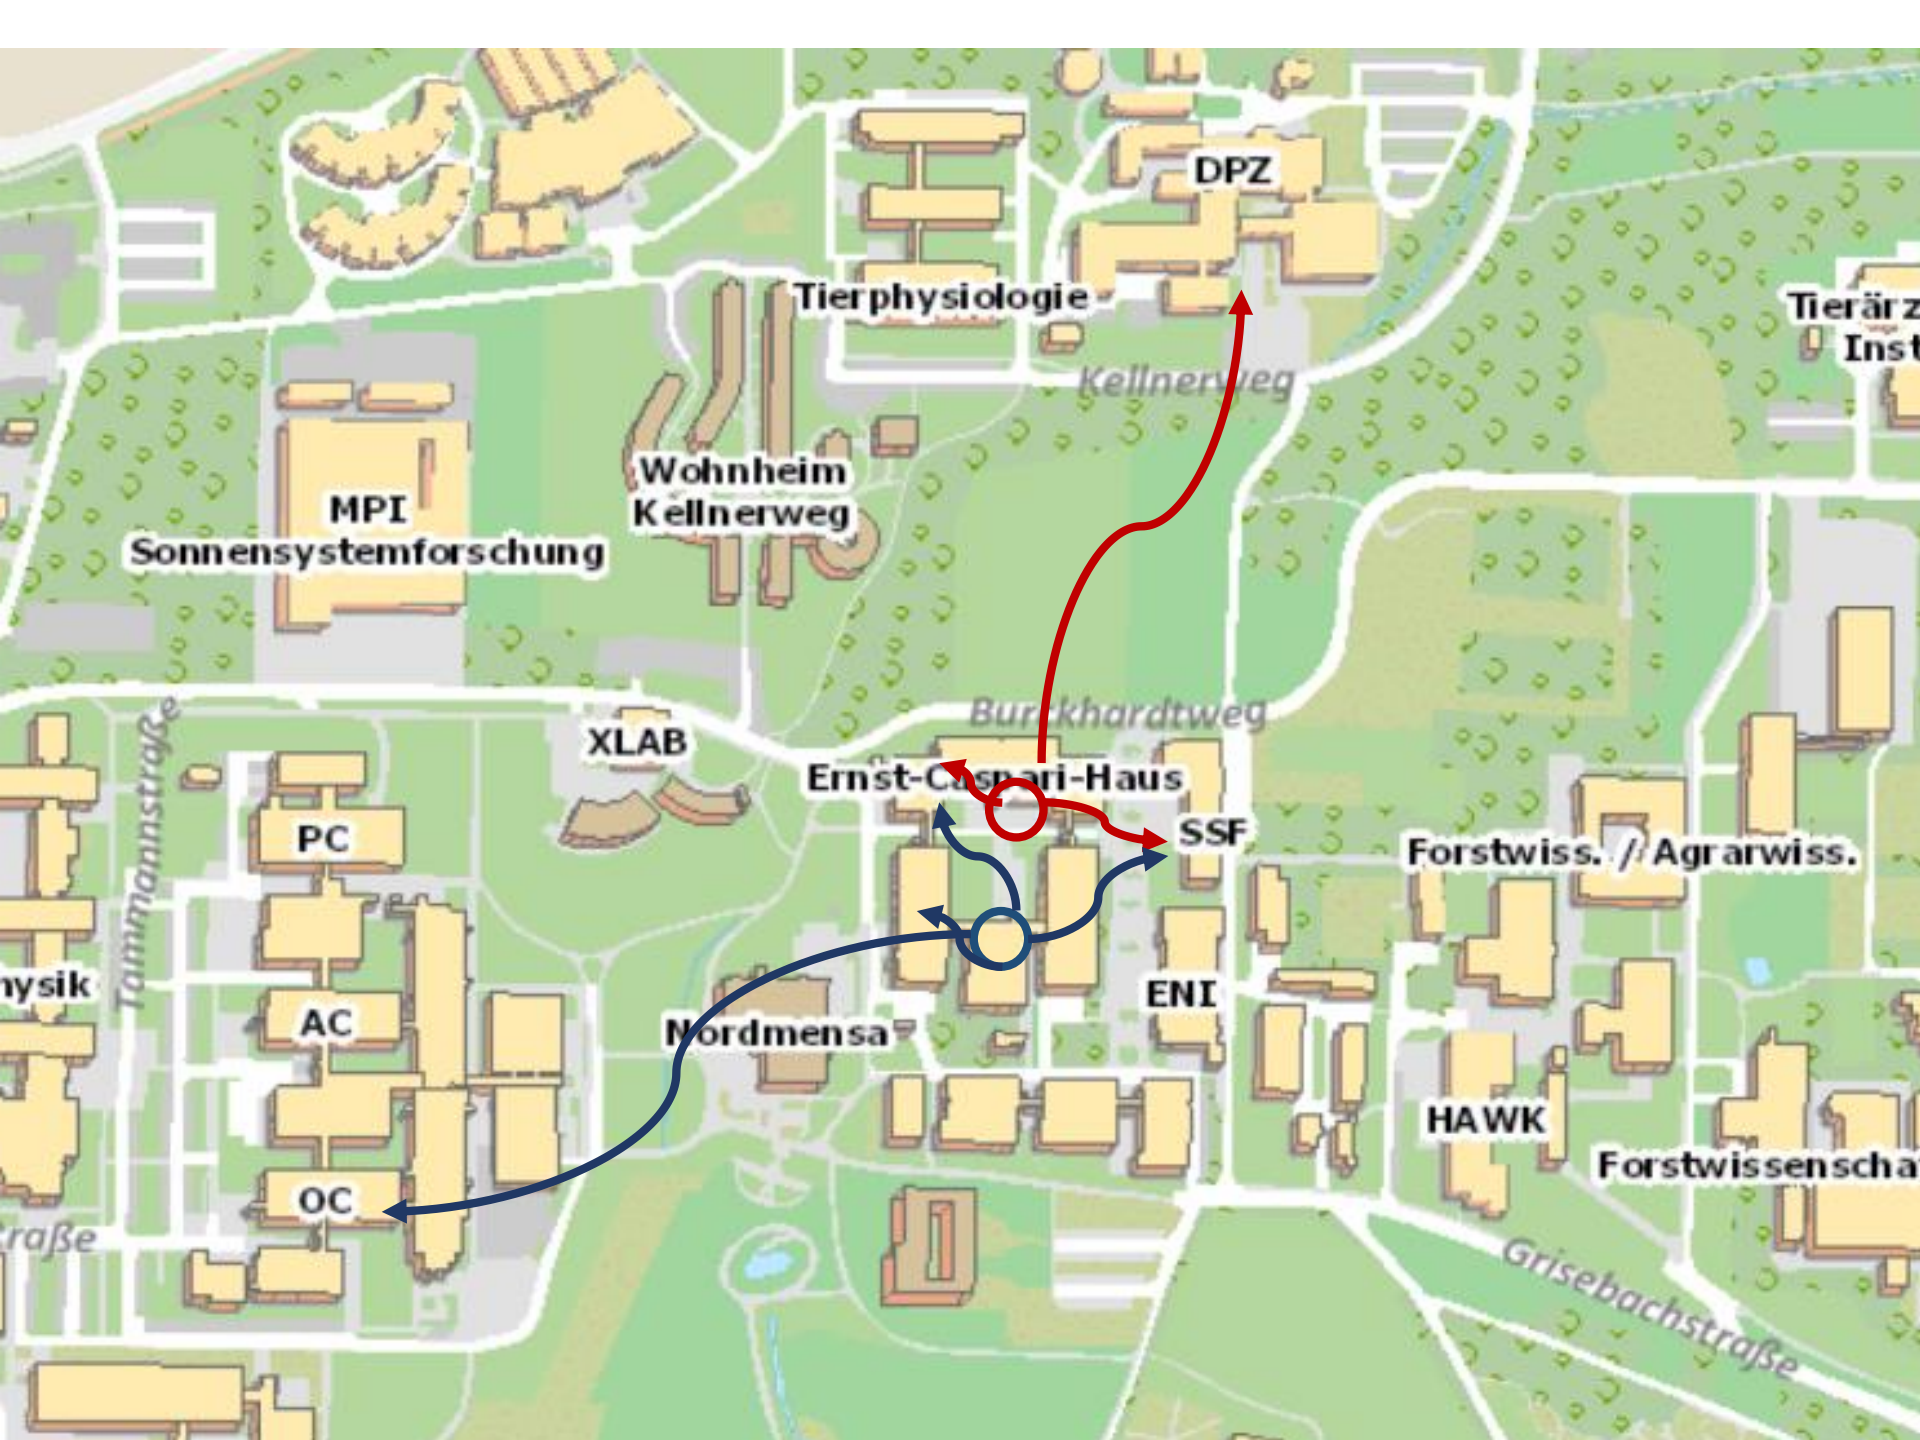

German Primate Center (DPZ), Cognitive

14:30

Neuroscience Laboratory

**(40 min
each!)**
