

GEORG-AUGUST-UNIVERSITÄT
GÖTTINGEN

The Faculty of Chemistry at the Georg-August-Universität Göttingen welcomes applications for one

Postdoctoral Research Fellow (f/m/d) (2 years, 100% E13 TV-L)

in the German Research Foundation (DFG)-funded Research Training Group 2455 “BENCH – Benchmark Experiments in Numerical quantum Chemistry” at the Computational Chemistry and Biochemistry group. The regular working hours will be full-time (currently 39.8 hours per week) with a limited contract to September 30, 2026. Salary: Pay grade 13 TV-L. The application window will be open up to **24.07.2024**. The **earliest starting date is 01.10.2024** and the contract will last until 30.09.2026.

Your profile

- you hold a PhD degree in Theoretical Chemistry or a closely related field of research,
- are proficient in English and/or in German,
- have experience with international exchanges and project collaborations.

The advertised position is a joint call from the Institute of Physical Chemistry and the DFG-funded Research Training Group 2455 “Benchmark Experiments for Numerical Quantum Chemistry”. The topics covered in the network span a variety of solution and gas phase spectroscopies, molecular beam techniques as well as synthesis. The research coworker will engage in independent research, support of the RTG students (offer of specialised courses, support in the use of numerical simulation approaches), planning and development of blind challenge initiatives as well as processing and management of joint experimental/simulation data. The focus of the independent research activities will depend on the research background and profile of the successful candidate. For more information consult the official homepage <http://bench.uni-goettingen.de>.

The University of Göttingen is an equal opportunities employer and places particular emphasis on fostering career opportunities for women. Qualified women are therefore strongly encouraged to apply in fields in which they are underrepresented. The university has committed itself to being a family-friendly institution and supports their employees in balancing work and family life. The mission of the University is to employ a greater number of severely disabled persons. Applications from severely disabled persons with equivalent qualifications will be given preference.

Your application must include:

- curriculum vitae including information on publications, posters, presentations, awards and third-party funding,
- motivation letter,
- certificates of studies,
- certificates of language proficiency, if non-native speaker of english (e.g. TOEFL),
- two references (name and contact information of two senior researchers).

The documents are to be submitted by electronic form (only one single PDF file) up to July 24, 2024, to the email bench_applications@uni-goettingen.de.

If you have any questions, please contact us via e-mail rmata@gwdg.de.

Please note:

With submission of your application, you accept the processing of your applicant data in terms of data-protection law. Further information on the legal basis and data usage is provided in the Hinweisblatt zur Datenschutzgrundverordnung (DSGVO) <https://www.uni-goettingen.de/hinweisdsuvo>
