

## M.Sc. Developmental, Neural and Behavioral Biology

### timetable core modules - 2023/24

	Block 1	Block 2	Block 3
<b>period</b>	23.10. - 24.11.2023	27.11.2023 - 12.01.2024 (christmas break 25.12.-5.1.)	15.01. - 16.02.2024
<b>winter term</b>	M.Bio.303: <b>Cellbiology</b>	M.Bio.304: <b>Neurobiology 1</b>	M.Bio.306: <b>Introduction to behavioral biology</b>
	M.Bio.323: <b>Introduction to Bayesian Statistics</b>		M.Bio.321: <b>Current Developmental biology</b>
<b>period</b>	02.04. - 03.05.2024	06.05. - 07.06.2024	10.6. - 12.07.2024
<b>summer term</b>	M.Bio.305: <b>Neurobiology 2</b>	M.Bio.322: <b>Frontiers in Neural Development</b>	M.Bio.307: <b>Behavioral biology</b>
		M.Bio.308: <b>Social behavior and communication</b>	
	**M.Bio.310: <b>Systems biology</b> (during lecture period only)		

\*\* The practical part can be organized individually with advisor, continuous lecture and seminar

Bioinformatics	Developmental and Cell Biology	Neurobiology	Behavioral Biology
----------------	--------------------------------	--------------	--------------------

The exact times and dates for lectures, seminars, practicals and examinations are published online: eCampus "University course catalogue"  
<https://ecampus.uni-goettingen.de>

Last update: 22.01.2024
